## Picnicker is fatal

## at Jackson Ridge

A seven-year-old Pearl River, La., boy was killed when struck by an automobile on Birch Blvd. near Jackson Ridge at 8 p.m. Friday and 10 were injured, seven painfully and one critically, in one car crash on U.S. 90 Sunday afternoon.

Robert Leibigs, who was picnicking with his grandparents, Mr. and Mrs. Arthur Gillett of Pearl River, was pronounced dead upon arrival at Hancock General Hospital after he was struck by a 1967 Pontiac GTO by Carlton Sungari of New Orleans. Investigating deputies Sheriff Fred Currit and deputies Leo Kiehl and Glen Orr said witnesses stated that the child, one of three playing on the beach, dashed into the path of Sungeri's car. A hearing on charges of manslaughter will be before Justice of the Peace Nellis Rhodes on July 8.

Sidney Durbin, 27, one of the injured in the Sunday accident, remains in poor condition in Gulfport Memorial Hospital. He was a passenger in a 1967 Oldsmobile operated by George A. Miller, 36, which crashed into the Bayou Phillips bridge and fell about 15 feet below the roadway. The Miller and Durbin families, four adults and six children, all of Hammond, La., were returning from a picnic on the beach of Gulfport when Miller failed to either fall asleep or bloodied out, according to State Patrolman John McCardle.

Four occupants of the front seat, Miller and Sidney Durbin, Jr., 1 1/2, were given emergency treatment and released. Durbin was taken to Gulfport after treatment at the Hancock General emergency room, and Dianne Miller, 9, was admitted with a fractured leg and lacerations.

Mrs. Sidney Durbin, 21, was admitted with a head injury; Mrs. Miller, 32, severe lacerations and bruises; Timmy Miller, 6, a back injury, and Patti Miller, 4, a broken arm and multiple lacerations. Glen Miller, 10, and Jeffrey Miller, 7, were released after emergency treatment, but admitted early Sunday night. All remained hospitalized Tuesday.

## \$1,237,300 is tax free in district

Almost one and a quarter million dollars worth of public land is on the tax rolls of the Bay St. Louis Municipal Separate School District in an exempt status, City Commission Council was informed last Friday.

The figures were compiled by William MacWhorter and Associates of Wescaco, Tex., at the request of council.

Appraisal figure for the entire school district is \$1,237,300. Of this, \$837,380 is within Bay St. Louis, \$314,990 is within Waveland and \$84,930 is in the outside area.

Mayor John A. Scafidi said Tuesday that the city is beginning to prepare its assessment rolls for 1968 for examination and will study the usage of all this tax exempt property to determine what qualified for exemption as institutional property under provisions of the state statutes.

MacWhorter has filed cards with descriptions of all the property with Commissioner of Finance Warren Traub. In Bay St. Louis alone there are 187 cards, come with several parcels of land so that in all the city they estimate about 200 parcels are exempt in this classification.

Did the two Louisiana boys who have been frequenting the beach around Coleman Avenue succeed in meeting the girls and brunettes to whom they so glibly loaned their boards?

### library...

(Cont. from Page 1-A)

The present library was founded in 1936 by the late Miss Louise Crawford as a WPA project. She began with 200 books, mostly on the floor of a room in the second story of Hancock Park building.

"Miss Louise's Library" moved to larger quarters on the ground floor of the Park building in 1948. In 1952 the Knowles collection was given to the library, the Plunkett home at 123 Court St. was bought for \$7,800, donations from public spirited citizens, to provide enough space. It incorporated City-County Memorial Library.

After conferences with the port and county in 1966, it became a public library, making available assistance from the Library Commission. This year the board of supervisors voted one mill for library. The only county board in Mississippi to grant this the first time they were asked. Bay St. Louis voted half a mill and Hancock County 1/4. Under state law funds can be used only for operation and maintenance. Efforts toward securing a building moved ahead. In meantime, the library commission rented and furnished an old building as an annex for six months and use of a secretary for nine months. The building is being rented for storage until the new structure is completed.

Mrs. E.C. Samuel is chairman of the library board of trustees which includes Mme. Edith P. Hilliker, Robert Henton, Gertrude Stanton and Ruth.

### Decorate at the festive spot

You can decorate it a day in advance or do it the night before.

For the first time there is a new way to do this. You can now buy a new material called "Decorate" which is made of wood and has a unique texture. It is very easy to use and can be applied to any surface. It is also very durable and can withstand most weather conditions. It is perfect for outdoor decorations, such as for a wedding or a birthday party. It is also great for indoor decorations, such as for a Christmas tree or a window display.

### Clothes go e-fecting

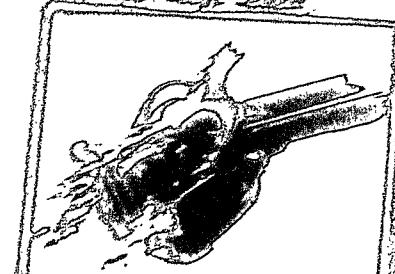

Now clothes can now be washed with the same water that you use to wash your car. This is because the water is filtered through a special filter that removes all the dirt and debris from the water. This makes it easier to clean clothes without having to use a washing machine. It also saves money because you don't have to pay for laundry detergent.

### Giving farewell

The day comes when a loved one must leave. It is a difficult time for everyone involved. But it is also a time for reflection and growth. This is why we have created a special service to help people say goodbye in a meaningful way. We believe that saying goodbye should be a positive experience, not a sad one.

### Water damage is handled

We understand that water damage can be a major inconvenience. That's why we offer a fast and efficient service to help you get back to normal as quickly as possible. Our team of experts is trained to handle any type of water damage, from leaky pipes to flooding. We use state-of-the-art equipment and techniques to ensure that your property is restored to its pre-damaged condition.

RALPH AZLIN AND SALESMAN JOE CRAWFORD  
ARE PICTURED AFTER COMPLETING DEAL FOR MRS.  
AZLIN NEW CHEVROLET.

We had been hearing about the good deals at Garry Lane Chevrolet and decided to check for ourselves. Our salesman, Joe Crawford, seemed to take a special interest in finding the exact car to suit our needs. He worked after regular office hours to make sure we would be satisfied with our new Chevrolet.

We do not hesitate to recommend Joe Crawford and Garry Lane Chevrolet to any other customer.

**WE CARE**

WE RAN THIS AD LAST YEAR.  
WE THINK IT'S WORTH  
REPEATING.  
WE STILL THINK  
OURS IS A GREAT COUNTRY.

## Is it square to be patriotic?

If it is... then, by golly, we're square.  
Because we're proud of our American heritage...  
grateful for the free enterprise system that has afforded us the privilege  
of serving the American people for more than a century.

The United States is today,  
and has been since its founding, the land of opportunity.

We've been first-hand witnesses to this fact for a long time.  
In our business, we've seen good, sound competition grow and prosper.  
We welcome it.

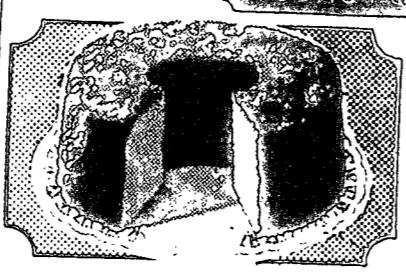

It keeps us on our toes.

As July 4th approaches, we want to go on record as saying:  
"We're proud of being Americans."

As we said:

"If this be square, then we're square."

CINDY TIES, FRANK SCHOONMAKER AND CHILDREN ARE SEEN WITH CHARLES D. BAKER, JR. AFTER BEING DRIVING BY ME IN THE P.T. 104 AVENUE.

This is the first car I ever bought and I still have it. It's been in the way of body style, but it's still running. I don't know exactly how old it is, but it's about 15 years old. I didn't even bother to get a license plate because a lot of my friends had gotten their cars before me. There were a lot of us who got them from the same place. I think it's about 1958. I still drive it every day.
